IMPORTANT NOTES:

- 1. The limit chart identified for each property is based on the Bond Closing and/or PIS date shown.
- 2. Income and rent limits for Low Income Housing Tax Credit and Tax-Exempt Bond properties are calculated annually by the Federal Department of Housing and Urban Development (HUD) and are provided by the Commission as a courtesy. Per IRS regulations, it is the sole responsibility of property owners to use the correct limits.
- 3. Properties with additional funding from other city, county, state, or federal programs may be required to use lower rent and income limits than the HUD limits listed here.
- 4. Maximum rent limits must include the actual or estimated cost of utilities paid by the residents.
- 5. *Properties with an asterisk (*) by their name have an alternate date for income determination listed in Bond Closing or PIS date.
