TIPS FOR COMPLETING THE TABLE 1 EXCEL SPREADSHEET

➢ Start with prior year’s spreadsheet (double-check the website to make sure the form has not been updated)
➢ Make the corrections noted in the Commission’s review letter
➢ Delete residents who moved out in prior year, unless you’re counting the unit as a Qualified Vacant Unit – then remove the Re-Cert Date, enter a Move-Out Date, and add a “Y” in the “Qualified Vacant? “column
➢ Delete prior year’s Re-Cert Date and enter Move-Out Date or current year’s Re-Cert Date and all applicable information for remaining residents
➢ Enter qualified and disabled residents who moved in during the current year and fill in all applicable information
➢ Note: if you insert a row on the spreadsheet you will need to copy the formula in the ‘Over 140%’ column from the line above or below
