

PREPARE YOUR MATERIALS FOR SUBMISSION

Forms are located at <http://www.wshfc.org/managers/forms-tc.htm>

1. **Download the applicable report request letter and checklist for your property.**
 - a) Look up your property's report type - Regular, On-Site Year or Post 15/Recert Waiver - on the *Report Types by Property Name* list (either PDF or Excel version).
 - b) Download the request letter (with the *Report Checklist* attached) which corresponds to the type of report required.

2. **Download the Owner's Annual Certification.**
 - a) **Owner's Annual Certification** – Owner must complete all questions on every page and sign the form (electronic signature is acceptable). The form must be submitted as part of the property's annual report package.
 - b) **WBARS Project Summary Report** – This must be downloaded from WBARS after Table 1 has been submitted to the Funder level. The **Project Summary Report** is a required attachment to the Owner's Annual Certification. *This is not the Table 1 Excel download. It is the Project Summary Report. Please make sure you submit the correct form.*

3. **Using the Report Checklist for your report type, prepare the other documents listed on the Checklist, as applicable.**
 - We will not mail you a household certification request list. Instead, the instructions for which certifications to submit are on the *Report Checklist* that is attached to the request letter.
 - For properties required to submit a **Regular** report (not an On-Site Year and not a Post-Year 15 Monitoring/Recert Waiver), copies of resident move-in certifications equal to 5% of the total units (or a minimum of 5) must be included with the report submission.
 - Please read the directions on the *Report Checklist* carefully to ensure you submit the correct documents.

If you have questions, please contact the [Portfolio Analyst](#) assigned to your property.

Thank you for your cooperation!

SUBMIT YOUR ANNUAL REPORT MATERIALS

Submit materials electronically using our online portal:

<https://portal.wshfc.org/Forms/AMC-Report>

General Information:

- Have all your report forms and resident packages ready to go. Do not start filling in the submission form until you have everything you need. If you start the form and leave it inactive for too long, it will time out and you will have to start your submission all over again.
- All field names followed by a red asterisk are required. You won't be able to successfully submit your form if you skip any required fields or upload sections.
- Note that every Upload section will display what file types are acceptable to attach. If you try attaching a file type that is not listed in the form, your report submission will fail. Example: The Extended Vacancies/Non Rent-Ready Units section only allows PDF and Excel file types. If you try to attach a Word file, the form will reject your file.
- Re-click the portal link to fill in a fresh form for every property you are submitting. If you are using Google Chrome, you can just click the Refresh icon to the left of the URL to open a new, blank form.
- Once you've submitted a form, you can't redo the submission. Contact your Portfolio Analyst for guidance if you submitted any information by mistake or forgot any required forms.

Click on the AMC Report link above; a form will open in your browser (we recommend you use Google Chrome or Microsoft Edge as your internet browser):

The screenshot shows a web browser window with the URL [wshfc.org/Forms/AMC-Report](https://portal.wshfc.org/Forms/AMC-Report). The browser's address bar and tabs are visible at the top. The main content area features the Washington State Housing Finance Commission logo on the left, with the tagline "Opening doors to a better life". To the right of the logo, the title "TAX CREDIT ANNUAL REPORT SUBMISSION" is displayed in bold, followed by "WSHFC ASSET MANAGEMENT & COMPLIANCE DIVISION" and "TAX CREDIT ANNUAL REPORT SUBMISSION FORM". Below this, it states "ALL FORMS DUE JANUARY 31st".

The form contains several paragraphs of instructions:

If you do not finish the submission process in one sitting, you will lose all your work and must fill in a new form from scratch.
- You must complete one form per property. **ONCE SUBMITTED YOU CANNOT REDO SUBMISSION.** Contact your WSHFC Portfolio Analyst if you need to make corrections.
- All "Upload" sections below allow you to upload more than one file at a time. You can drag and drop multiple files into any "Upload" section. Please make note of the file extensions allowed for each "Upload" section. If you try uploading a file type we don't allow, your files will not upload. If your property shows an Inspection Report Type, DO NOT attach resident certifications to this form:

The screenshot shows a web form with the following fields and options:

- Property Name, City, OID#*: LARC @ Kent, Kent, 15-143A
- WSHFC Portfolio Analyst: Shawna Higgins
- Report Type: On-Site Tax Credit Inspection (highlighted with a red circle)
- On-Site Tax Credit Inspection
 - Do not submit any resident certification packets.
- Reporting Year (?): 2021
- Report Cover Letter
- Owner's Annual Certification
- Utility Allowance Schedules
- Extended Vacancies or Non Rent-Ready Units
- Special Needs Commitments
- Affirmative Marketing Report
- Income Averaging Test - Worksheet
- Sign and Submit
- Date: Date and time will be captured on form submission

Before attaching your resident files , make sure you have done the following:

- You have prepared each resident certification as a black and white PDF file.
- Each file should only contain the certification for one household. Do not combine multiple households into a single PDF file.
- You have named each certification file with the unit number and the resident's last name. Examples: A105 Smith, 10 Jones, HB-4567 Green.
- If you want to put all your PDF files into a zip folder and attach just the zip folder (rather than attaching every PDF file individually), you can do that as well.
- To upload multiple files, re-click the Upload button to attach each subsequent file.

Once you have attached all your resident packages (or skipped this section, depending on your property's report type), you can sign and submit the form to the Commission.
