

Public Housing Authorities (PHA) Bond/Tax Credit Program

Program Overview

To continue maximizing the use of Bond Cap, the Commission partners with the Association of Washington Housing Authorities (AWHA) to create a shared project pipeline and establish program thresholds. This partnership ensures the timely allocation of available bond cap to public housing authority projects.

Additionally, the Commission has explored ways to extend the impact of its allocations, such as utilizing bond cap provisions that allow for the recycling of cap, further supplementing WSHFC's existing bond cap allocation.
