

RESOURCE LIST

The Commission is prohibited, under RCW 42.17.260(7), from providing lists of applicants for commercial purposes.

We read this statute as constraining us from making available the names, addresses, and phone numbers of applicants who have received Credit Reservation Contracts to those parties who could provide services necessary for the viability of the projects, such as lenders, lawyers, and accountants. We are pursuing an alternative approach of supplying to the applicant's lists of practitioners in various fields: accountants, attorneys, consultants, lenders, property managers, and syndicators. We hope that the resource list will facilitate applicants in obtaining the advice and resources to produce a successful project.

We have assembled this list with two cautions. First, the list is not exhaustive. We contacted practitioners that we were aware were active in providing services to tax credit projects, and were approached by others to be included on a resource list. There are likely others available that we are not aware of or that we may have overlooked.

Second, the Commission does not endorse any of the companies or individuals on the attached lists, and has not verified that the comments provided by those on the list are accurate. We have merely compiled the list. You should use your own judgment in selecting any of the parties listed to assist in your project.

We update the resource list periodically. Anyone wishing to be added to the list should contact the Multifamily Housing and Community Facilities Division at (206) 464-7139 or email us at askusMHCF@wshfc.org for a copy of the resource information form. This form can be returned to the Commission by fax or by mail.
