# From Here to Home in 3 Easy Steps!

## 1. Take a FREE homebuyer seminar.

These 5-hour courses are held year-round all over the state. (Required for all our borrowers.)

View our schedule at [HeretoHome.org](https://HeretoHome.org)

## 2. Choose a Commission-trained loan officer to match you to the right loan.

These qualified experts will help you navigate the homebuying process.

Find a lender at [HeretoHome.org](https://HeretoHome.org)

## 3. House-hunt with confidence!

Your Commission-trained loan officer can match you to the right programs.

Find a lender at [HeretoHome.org](https://HeretoHome.org) or call us at 800-767-HOME (4663).

### Financing That Fits

Whether you are a first-time homebuyer or have owned a home in the past, our home loan programs can turn your dream into reality. Ask a Commission-trained loan officer to connect you with financing options such as our Home Advantage or House Key programs. We can help households with up to \$180,000 annual income, though eligibility guidelines vary for our different programs.

### Downpayment Help

Saving for a downpayment can feel like an uphill climb. Our downpayment assistance programs get you into a home you can afford sooner. Assistance levels vary with the borrower's income and assets, the cost of the home, and other factors.

### Energy Savings

Don't let energy costs take you by surprise when you buy a home. Our EnergySpark Program can save you one-quarter percent on your interest rate when you choose an energy-efficient home OR a home eligible for energy-efficient upgrades.

What's more, EnergySpark can help you finance the upgrades by rolling the cost into your mortgage loan. You pay it back while saving on your utility bill every month.
